Directions In a random order, fill in all the empty squares, using any of the following words: Banner, Byline, Caption, Classified Advertisement, Column, Comic, Copy, Dateline, Editorial, Headline, Index, Jump Line, Letter to the Editor, Local News, National News, Photo, Retail Advertisement, or Wire Service Credit. Look through the newspaper to find the items you placed on your bingo card. Label the items in your newspaper copy and place an X on the squares as you find them. When you have four in a row, you win. *You must be able to show the class where you found the items you marked!*
